

How to Install Your Electronic Bidet

First, undo the mounting bolts of the existing toilet seat.

Next, remove the original toilet seat

Third, position and tighten the mounting plate

Now, turn off the water tap and flush the toilet to empty the cistern

**Then, remove the existing
water pipe**

Pipe A

Next, install the 3 way adaptor and connect one flexible pipe to the cistern

Adaptor

Then, Slide the Electronic Bidet onto the mounting plate

Now,
Connect
another
flexible
pipe to the
Electronic
Bidet

Pipe B

Finally, Plug
into the
powerpoint, turn
it on and it's
ready to use! 😊
